OUR INNOVATION

Cutting-edge laser cutting & engraving technology crafts bespoke solutions — from intricate designs to corporate branding.

OUR QUALITY

Quality is our cornerstone. Every cut, every mark, every delivery reflects our relentless pursuit of perfection.

OUR PROCESS

Precision planning to flawless execution — state-of-the-art technology, guided by quality and sustainability.

OUR FOUNDERS

Led by three visionary women, SNS champions diversity, equality, and innovation in American manufacturing.

HUBZONE
CERTIFIED

CAPABILITY STATEMENT

Agile U.S.-based manufacturing partner supporting prototype-to-production needs for government and contractor supply chains.

COMPANY OVERVIEW

SNS Enterprise Group is a **minority-owned, woman-led, triple-certified** small business headquartered in Jacksonville, Florida. We deliver **domestic manufacturing, precision fabrication, and supply chain solutions** to government agencies, defense contractors, and commercial clients — with 100% U.S.-based operations and active SAM.gov registration.

MANUFACTURING & PRODUCTION

Manufacturing & Fabrication

- Precision laser cutting — metal, acrylic, wood, composites
- Custom fabrication & component production
- Prototype → Production → Scale
- Product marking, engraving & industrial labeling

SUPPORTING CAPABILITIES

Production & Fulfillment

- Assembly, finishing & kitting
- Rapid turnaround — time-sensitive projects

Printing & Communications

- High-volume printing — bills, notices, correspondence
- Envelope production & mailing services

Materials & Supply Chain

WHY SNS ENTERPRISE GROUP

Buy American Aligned

100% U.S.-based operations & sourcing — meets domestic preference requirements.

Prototype → Production

Internal capacity + strategic partnerships support any scale, any timeline.

Agile Execution

Fast turnaround, flexible workflows — built for dynamic, time-sensitive projects.

End-to-End Partner

Design → Fabrication → Packaging → Delivery — one point of contact.

Partner With SNS Enterprise Group

SNS Enterprise Group provides end-to-end manufacturing, fabrication, and supply chain solutions — reliable, efficient, and made in the U.S.A.

Precision Fabrication

Our state-of-the-art laser cutting and engraving technology transforms raw materials into bespoke components and signage. From intricate designs to industrial parts — metal, acrylic, wood, and composites — we deliver flawless results at any scale.

Materials & Supply

We source and supply construction and facility materials including HVAC, electrical, plumbing, and janitorial supplies. Domestically sourced, competitively priced, and delivered on schedule to support your project and operational needs.

Print & Mail Services

Secure, high-volume print and mail services for government and commercial clients. Bills, notices, correspondence, and envelope production — handled with precision, confidentiality, and the reliability your operations demand.

Innovation, craftsmanship & community impact — women-led, U.S.-based, and built to exceed expectations.
